School Description

Laguna Beach High School is part of the Laguna Beach community. Sloping down the coastal hills to the edge of the Pacific Ocean, Laguna Beach is known for its dramatic contrast of mountains and beaches. A center for fine arts, Laguna Beach's culture is as unique as its landscape.

The Laguna Beach Unified School District serves students in grades kindergarten through 12 by providing comprehensive educational programs through its two elementary schools, a middle school, and a high school. The District is proud of the high level of community support it receives and the commitment the community demonstrates towards its students. The Laguna Beach Education Foundation (School Power) was created by the community to provide additional funds to the District to support school programs and activities. Laguna Beach High School serves students in grades nine through twelve on a traditional school calendar. The mission of Laguna Beach High School is to ensure that all students, upon graduation, are college and career ready. Our school has been recognized at the state and federal levels as a California Distinguished School and a National Blue Ribbon School. In 2012-13, 988 students were enrolled at the school. The student population consisted of 8.2% socioeconomically disadvantaged, 1.3% English learners, and 7.8% students with disabilities.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (949) 497-7750.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

Laguna Beach Unified School District sets a high priority upon ensuring that sufficient and current standards-aligned textbooks and materials are available to support our school's instructional program. Laguna Beach Unified School District held a Public Hearing in October 2014, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to check out and take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks. Laguna Beach Unified School District follows the State Board of Education's six-year adoption cycle for core content materials. A committee consisting of administrators and teachers from each school establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the Board of Education for final approval.

School Facility Conditions and Planned Improvements (Most Recent Year)

Laguna Beach High School provides a safe, clean environment for our students, staff, and volunteers. The school is situated on 12.2 acres and facilities were built in the 1930's. They span 102,720 square feet, and include classrooms, a gymnasium, a theatre, administrative offices, restrooms, and storage rooms. Recent modernization include the addition of three new visual arts classrooms in addition to three more new classrooms, a new dance studio, a new drama room, and a completely modernized band room. The facility strongly supports teaching and learning through its ample classrooms, staff resource room, and other beautiful facilities. The chart below displays the results of the most recent school facilities inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Laguna Beach High School. Many parents serve as members of the Parent Teacher Association, which meets monthly on campus and sponsors many events to benefit students, staff and the community. Numerous programs and activities are enriched by the generous contributions made by the SchoolPower Education Foundation and the PTA. Parents are represented on the School Advisory Council and parents also serve on many athletic and performing-arts booster clubs and ad-hoc committees. The School and District are committed to involving parents in the decision-making process.

Parents who are interested in Laguna Beach High School's school committees, school activities, or volunteer programs may contact the principal at (949) 497-7750 or visit the school's website at www.lbusd.org.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of our students and staff is our primary concern. All visitors must sign in at the front office and wear identification tags while on school grounds. School staff and administrators are on duty during break, lunch, and before and after school to ensure the safety of all our students.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Many staff are trained in specific emergency preparedness procedures above and beyond the basic requirements of the School Safety Plan.

A Comprehensive School Safety Plan was developed by the District in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include: child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The school evaluates the plan annually and updates the plan as needed. The plan was last updated in August 2014 and is reviewed with our school staff at the beginning of each school year.

Types of Services Funded at Laguna Beach High School

In addition to general fund state funding, Laguna Beach Unified School District received state and federal categorical funding for the following categorical, special education, and support programs:

- Economic Impact Aid
- Class Size Reduction
- Instructional Materials
- Special Education

Professional Development provided for Teachers at Laguna Beach High School

Laguna Beach Unified School District offers staff development and training opportunities to teachers, administrators, and instructional aides. The District offers two full staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum and instructional strategies. To acquire specialized knowledge and skills, teachers at Laguna Beach High School participated in additional training through workshops, conferences, and demonstration lessons, on Common Core Mathematics, Literacy, STEM, Instructional Strategies, and technology. Staff development topics are determined based on needs assessment, input and feedback, local and state assessment results, and classroom observation. Common Core implementation is continuous through district and staff trainings as well as weekly PLC department meetings.

Laguna Beach Unified School District offers two programs to support new and veteran teachers in their classroom skills and to ensure continued professional development. Beginning Teacher Support and Assessment (BTSA), a state-sponsored program, is designed for first and second-year credentialed teachers and provides skills assistance over a two-year period. The District's Peer Assistance and Review (PAR) program is designed to improve the education of students and enhance the classroom performance of teachers, targeting both new and veteran teachers. Laguna Beach High School teachers utilize these programs with the goal of accomplishing the highest level of success for our students.

Career Technical Education Programs

Laguna Beach High School is affiliated with South Coast ROP (Regional Occupation Program) which provides Career Technical Education classes to students of all levels from 16 years of age to adult. South Coast ROP is accredited by the Western Association of Schools and Colleges (WASC). These classes provide career preparation and sequential learning designed to improve academic skills. All of these classes are taught by fully credentialed teachers who are experienced in their related industries, and some of these offerings may include unpaid internships and/or may articulate with local community colleges. South Coast ROP services a wide variety of students: those who are looking to seek employment after graduation, those who are choosing to attend a community college or technical school, and those who are moving on to a four-year institution. These classes provide hands-on experience which enhances their academic studies and provides students with a glimpse into the real-world application of concepts presented in the general curriculum. Students who wish to become doctors, for instance, have a plethora of classes to choose from which will enhance their understanding of this field: Medical Terminology, Sports Medicine, Medical Assistant, Emergency Medical Responder, Kinesiology, to name a few. For those students desiring employment after high school, these classes provide them with the necessary skills to enter the job market at a competitive level. All students receive a grade (A-F) and a certificate of completion at the culmination of the grading period (usually at the semester). Attendance is vitally important as some classes have an hourly requirement in order to receive credit. Students also receive high school credit, and in some cases, these classes fulfill graduation requirements and/or a-g subject requirements for California State and University of California colleges (Multimedia Design and Multimedia Production, for example). The facilitation of enrolling students in ROP is handled by the on-campus Career Guidance Specialist (CGS) who is trained to advise students in regards to proper placement in courses depending on student interest. The CGS also tracks grades and attendance and serves as the intermediary between the ROP District Office and the campus. When ROP was introduced in 1970, it was meant to service the population of students who were non-college bound, and while that is still the focus of South Coast ROP, a measurable population of college bound students have gravitated towards the classes offered because they see the value in gaining hands-on experience in their field of interest. South Coast ROP is excited about expanding the program to include classes that have become of particular interest in our modern society. Some of the other classes offered include 3D Model Making, Animal Health Care, Audio and Music Production, Automotive, Careers in Fashion, Child Care Careers, Crime Scenes Investigation, Criminal Justice, Dance, Dental, Digital Video, Production, Emergency Medical Technician, Fire Technology, Floral Design, Graphic Design Technology, Graphics Production, Medical/Hospital Careers, PC Hardware and Software: IT Essentials, Programming Tools, Restaurant Careers, Retail Careers, and Small Business Management. ROP Classes may or may not be on the LBHS campus, as many are located at nearby campuses or places of business.
