

6th Grade Science Camp on Catalina Island

For all 6th Grade Students at Thurston Middle School
Mountain and Sea Adventures: www.mountainandsea.org
Tuesday, September 15th – Friday, September 18th, 2020

Thurston Middle School students will have the opportunity to learn science in an outdoor environment on Catalina Island with experienced TMS staff, including science teacher, Mr. Selin. The location is at White's Landing which boasts the widest sandy beach on the entire island. Each student will get a hands-on educational experience as they snorkel and kayak the beautiful waters, explore the renowned Pennington Marine Science Center, the Plankton Lab, and fish aquariums. The cost of the camp is \$525.00 per student.

**Suggested Cost per Student: \$525.00 due no later than
June 1st, 2020**

- Preferred Payment method: Credit/Debit
 - Go to the Thurston website,
 - Click on the Counseling tab,
 - Click on 6th for 6th,
 - Click on the Science Camp link on the left and follow the directions to pay with credit or debit card.
 - Installment payment options are available

While state law does not allow school districts to charge fees to students for educational activities, this program relies on financial contributions from participating families. Please know that the payment of the fee is not required to participate, and families that choose to contribute may do so at any amount. However, a suggested donation of \$525.00 per student will help sustain our program at its current level. Conversely, **insufficient enrollment and/or insufficient funding could result in cancellation of this program.**

If you have any questions, please contact Sarah Pearlman at spearlman@lbusd.org or Lisa Brackez at lbrackez@lbusd.org

Note: If you are interested in chaperoning, there will be an informational meeting following the 5th grade parent night in the Spring.
